Note: The dimensions provided are suggested for a solid, non-reinforced concrete foundation based on the Andree & Norsa formulation, designed to withstand a background pressure of 2 bars, with a concrete density of 2400kg/m³. The concrete base is not supplied by RAGNI and remains the responsibility of the Contractor.

All technical specifications in this document are for reference purposes only and remain the intellectual property of RAGNI SAS.

Specifications are subject to change and must be confirmed through an approved submittal drawing issued by RAGNI prior to any concrete pouring or material production.

Wood Finish Options

Short or Long Metal Base
